

JUICE EXTRACTION TOP

*The perfect add-on for all
ROMMELSBACHER preserving cookers*

ROMMELSBACHER

With this juice extraction top you can make delicious, long-life juices from fresh fruits at home. The complete top consists of a fitting ring, acid-resistant juice collector with heat-insulated handles and outlet tube and a fruit basket. All plastic parts are made of synthetic materials which are safe to be used with food. Via the outlet tube the juice can easily be filled directly into bottles or other containers.
