

HAND VACUUM SEALER STARTER SET

with replaceable battery

Keeping fresh at the push of a button –
fast, sustainable, simple

The VAC 253/S Hand Vacuum Sealer starter set from ROMMELSBACHER includes everything you need to start preserving food sustainably. The set contains the cordless VAC 25 hand vacuum sealer with rechargeable battery, a selection of reusable ZIP vacuum bags, a USB-C charging cable, and three stylish vacuum containers made of hygienic borosilicate glass. Together, they form the perfect foundation for packaging and keeping fruits, vegetables, meat, cheese, pantry items, or prepared meals fresh for much longer.

Using the VAC 25 hand vacuum sealer is especially easy and flexible thanks to its powerful, quiet vacuum pump that delivers perfect results. Cordless and compact – vacuum sealing becomes a pleasure. The battery allows up to 100 uses per charge and can be fully recharged in just 45 minutes. Its slim design fits in any drawer, so the appliance is always within reach. Clever storage instead of waste – it's sustainable, modern, and practical!
