

MULTI RICE COOKER

For much more than just rice!

ROMMELSBACHER

Big and bigger – the MRK 650 and MRK 950 multi rice cookers by ROMMELSBACHER can do much more than just rice! Twelve versatile programmes make it easy to prepare rice, cereals, soups, rice pudding and porridge – without the need for constant monitoring. Even slow cooking, steam cooking and yoghurt as well as cream cheese preparation are perfect thanks to innovative 3D heating technology and electronic temperature control. The MRK 650 (3 litres) and MRK 950 (5 litres) are ideal for families, catering for guests and meal prepping and also for small households, because large and small quantities can be cooked to perfection easily and reliably. The start time preselection allows flexible planning and the keep warm function keeps food at the perfect temperature. The ceramic-coated, PFAS-free inner pot and the stainless steel housing with anti-fingerprint coating ensure easy care and durability. Intuitive operation via the German-language LED display, the robust carrying handle and extensive accessories round off the ease of use. These multi rice cookers are versatile kitchen helpers for uncomplicated and healthy cooking!

3-D-Heating
