R  MMELSBACHER

ALMOST 100 YEARS OF TRADITION, A SOURCE OF TRUE PRIDE!

Gustav Rommelsbacher

Susanne and Wilfried Bauer

Sigrid Klenk

1928

1953

1991

Our roots are in Stuttgart, where Dipl.-Ing. Gustav Rommelsbacher started his business in the year 1928 with the design and production of loudspeaker systems. He was an inventive genius with innovative ideas and the good instinct for the trends and needs of his time.

After World War II, Dinkelsbuehl became his new home. He started his production in a garage, with all materials he could get hold of, and made electric appliances which were urgently needed. Radiators, electric irons and mobile hotplates were manufactured under the brand name robusta and soon they were delivered to several countries.

The first brick-built factory was designed and expanded in the years that followed. His son, his daughter and his son-in-law joined the team and robusta became ROMMELSBACHER. In a spirit of great commitment, with high quality appliances and the strengths of a family-owned company, they developed a brand which is well-known for its first class products.

In 1991, the third generation entered the business and in 1995, ROMMELSBACHER moved premises to a larger block of buildings which formed the perfect basis for further growth.

In the years 2014 and 2015, the largest investment to date was made with the construction of a new large warehouse, the expansion of the production areas and an additional modern administration building, placing ROMMELSBACHER in an even better position for the future. Ongoing extensive modernizations in production and warehouse logistics for even better working conditions round off these optimizations. The photo studio inaugurated in 2022, together with other modern offices, is currently being equipped with an attractive test kitchen for photo and film shootings.

Join us - experience us! A real German family business - with a great team, great products and a lot of JOY!

QUALITY MADE IN GERMANY

Over 100 employees with more than 1.000 years of cumulated ROMMELSBACHER know-how develop, design and manufacture high-quality appliances which are Made in Germany and provide 'Pure Cooking Pleasure' true to our company's motto.

We can react flexibly on your requirements and offer tailor-made solutions, which convince not only thanks to functional and aesthetic qualities but also for economic reasons.

We take pride in our over 95-year history, our committed team, our family-owned company and our brilliant range of products, which is presented in this catalogue and well worth a browse.

Wir produzieren Deutschland®

OVERVIEW OF THE ROMMELSBACHER PROGRAMME

COOKING

Rice Cooker, Multi pressure cooker, Egg boilers, Cooking plates, Travel hot plates, Built-in hobs, Hot air fryer

BAKING

Omelette chef, Bread maker, Waffle makers, Pancake maker, Sandwich makers, Pizza/bread baking stone set, Mini ovens, Mini kitcheners

GRILLING

Contact grills, CERAN® grills, Table top grills, Standing grill, Toaster, Fondue set, Raclette grills

HOMEMADE

Spiral slicer, Food designer, Ice cream maker, Yogurt makers, Pasta maker

DRINKING

Table blender, Citrus juicers, Espresso makers, Filter coffee machine, Milk frother, Tea maker, Water kettle, Veggie Drink & Soup Maker,

PRESERVING

Preserving cookers, Juice extraction top, Vacuum sealer accessories, Vacuum sealer, Dehydrators

CHOPPING

Electric knife, Multi choppers, Spice & coffee grinder, Coffee mills

HEATING

Immersion heaters, Warming trays

Risa

Issue 09.2021

MULTI RICE COOKER MRK 500 Risa

Versatile - for all common types of rice, as well as for soup and steaming

- high quality Cool Touch casing
- innovative "low carb" function for less carbohydrates
- for preparation of up to 6 servings of rice
- integrated heating plate for quick heating, practical keep warm function
- 6 programmes for various and individual use:
 - rice, whole grain & risotto, „low carb“ (regulated automatically)
 - rice pudding, soup, heating up (adjustable cooking time)
- electronically controlled temperature monitoring for careful preparation
- clear LED-display, showing programme selection, residual time and keep warm time
- comfortable operation by touch control sensors
- removable inner pot (2 litres capacity) with non-stick coating for easy cleaning and 1.5 litres usable volume
- rice insert made of stainless steel, with lid for "low carb" or steaming
- 4 non-slip rubber feet for a safe stand
- Including: measuring cup, detachable power cord and serving spoon

Less carbohydrates in the rice thanks to innovative "low carb" function.

„Low carb“ function

Type: MRK 500 Product page

Colour: graphite gray
Power: 230 V · 500 W
Dimensions: 23.6 x 22.1 x 22.5 cm

MULTI PRESSURE COOKER MD 1000 MeinHans

Easy and gentle preparation of vegetables, meat, one-pots, soups, yoghurt & more

- high quality Cool Touch casing
- 14 automatic cooking programmes, manual cooking
- temperature range settable from 40 °C to 170 °C
- pressure cooking function with 2 pressure levels
- well-arranged LED-display
- separate cooking function with manual control
- start time pre-selection up to 24 hours, keep warm function
- large, removable cooking pot (6 litres) with superior non-stick coating and 4 litres usable volume
- separate button for a safe steam pressure blow-off
- 12-times safety system for maximum protection
- dismountable for easy cleaning
- removable power cord
- Including: additional gasket ring, steam insert, rack and 2 server spoons

MeinHans is more than a common multicooker, because he unites a number of kitchen appliances all in one. He masters every challenge quickly, powerful and with great precision.

INNOVATION!

Cooking has never been so easy!

Issue 9.2020

Issue 11.2022

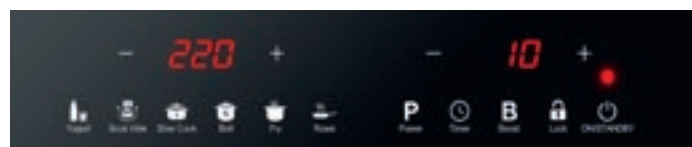

SINGLE COOKING PLATE CTS 2000/IN Induction

INNOVATION! Cooking has never been so easy!

- suitable for all kinds of pots/pans with ferromagnetic bottom
- frameless, all-over glass ceramic cooking surface – very easy to clean
- super flat design, height only 4,1 cm
- 1 cooking zone: 145 – 220 mm Ø, suitable for pots and pans up to 260 mm Ø
- „Intelligent Temperature Control Sensor“
- regulation via quick touch control sensors
- innovative control of temperature and power:
 - 6 direct selection programmes, individually adjustable: Yogurt, Sous Vide, Slow Cook, Boil, Fry, Roast
 - 10 power levels with continuous power output
 - booster function for a fast heating
- quiet operation by optimized cooling of housing
- LED-display, key lock as protection against unintentional operation
- 10-hour timer with signal tone, switch-off function
- pot recognition, residual heat indicator

Sensor scans the exact heat data directly at the pot!
Cooking, roasting, boiling accurate to temperature.
No more scorching or boil over!
6 direct programmes, individually adjustable.
For all pots with ferromagnetic (ferrous) bottoms.

SINGLE COOKING PLATE CTA 1800/IN Induction **NEW**

A lightweight for kitchen, summerhouse, motorhome

- compact design, space-saving and light for mobile use
- high-quality, robust, easy-care glass ceramic surface
- for induction-capable pots and pans from 12 to 20 cm Ø
- LED display, 9 power levels, control via touch sensors
- POWER switch: needs-based limitation of current/power to the existing power grid or to the available currents
 - 4-amp setting (power up to 800 W) – for use with photovoltaic systems, emergency power generators, power stations/mobile storage systems
 - 6-amp setting (power up to 1250 W) – for operation on campsites or with inverter in the camper van
 - 10-amp setting (power up to 1800 W) – for use with shore power or with the normal mains power at home
- memory function: selected ampere setting can be stored for the next use
- very simple to use, very quiet operation due to optimized fan control for housing cooling
- maximum safety thanks to pot recognition, residual heat indicator, pilot lamps, overheating protection, automatic switch-off and non-slip silicone feet
- includes detachable power cord and handy storing bag

EXCELLENT ELECTRICAL HOUSEHOLD APPLIANCES

There are many rewards for quality and design that affirm the excellent working of the complete team. Each single logo is a proof for us that our products and the trade mark ROMMELSACHER are going down well also with the consumers and that people appreciate our high quality standard.

“We attach great importance to the fact that our brand values like quality, reliability and a strong customer focussing are not only communicated, but get also implemented and put into practice stringently.”, said Mrs. Sigrid Klenk, owner and managing director of the ROMMELSACHER ElektroHausgeräte GmbH.

We are meeting this challenge with great pleasure and get excited even more when our efforts get recompensed by so many excellent rewards. Please see a selection of our rewards below.
