

DOUBLE HOT AIR FRYER XXL

two chambers, twelve programs, endless possibilities

For a versatile everyday kitchen

ROMMELSBACHER

Fast, healthy and creative cooking – with the FRH 2650 Double Air Fryer, it becomes effortless every day. This premium appliance offers maximum functionality with two spacious frying chambers that can be controlled independently or in sync. Whether crispy fries, juicy vegetables, golden-brown snacks, or complete meals – thanks to the clever Match, Sync and Crispy functions, everything turns out perfectly. The intuitive operation via touch control sensors and the LED color display makes handling especially convenient. With twelve individually adjustable programs, you can easily roast, bake, grill, fry, and even dehydrate. The temperature can be precisely set between 40 °C und **230 °C**, and the integrated shake reminder ensures perfect results. Two XXL frying baskets with 5.5 liters each (for up to 1.2 kg of fries) viewing windows, and interior lighting provide full control over the cooking process. Visually, the FRH 2650 also impresses high-quality stainless steel with an anti-fingerprint coating that blends elegantly into any kitchen. And after the feast? Cleaning is a breeze thanks to the PFAS-free ceramic non-stick coating. **The FRH 2650 is the perfect choice for anyone who wants to enjoy healthy meals, cook flexibly, and make no compromises.**
