Enjoy original Italian espresso/Moka anywhere

ROMMELSBACHER

With this espresso gift set, you give away pure coffee bliss for home, travelling and office. The set combines two long-proven products that guarantee lots of coffee pleasure: a ROMMELSBACHER mini travel hotplate and an original Moka pot from the Italian cult brand Bialetti. Both are just made for each other! Our RK 501 is the smallest automatic hotplate 'Made in Germany' in the world and can also be used as a full-featured small cooking zone in the kitchen and on the road. The espresso pot model 'Brikka' surprises with a very special detail: Thanks to its innovative brewing system, it produces Moka/espresso with real crema, which is not found in traditional Moka pots. Give the gift of pure dolce vita with this unique RK 505/K espresso gift set by ROMMELSBACHER!
