

# COFFEE/ESPRESSO CENTRE

*stainless steel*

Variety for coffee lovers

*Espresso*  
Duo deluxe

**ROMMELSBACHER**

Whether odorant drip coffee, aromatic espresso with fine crema, cappuccino or tea – this coffee/espresso centre fulfils all wishes at its best and is perfect if a variety of coffee specialities is desired at home or in the office. Superior materials and first-class features ensure aromatic coffee treat. With the **coffee maker** up to 10 cups of drip coffee can be brewed in the glass jug. A shower jet provides for maximum flavour. The filter insert 1 x 4 with anti-drip system and a non-stick coated warming plate with automatic switch-off provide for convenient ease of use. The **espresso maker** whips espresso with fine, compact crema. Thanks to the powerful pump and the superior thermoblock ground beans as well as espresso/coffee pads can be processed to aromatic beverages. Via the detachable stainless steel nozzle hot milk foam can be made easily and hot water for tea can be obtained. The cup capacity is individually programmable. With the solid portafilter, 1 or 2 cups can be prepared depending on the filter insert. A replaceable water filter provides for good water quality. Water tank and drip pan are removable and thus easy to clean. The height-adjustable cup tray and the well-arranged operating panel with LED pilot lamps ensure convenient handling. Superior, chic and versatile – for the pros among the coffee lovers!
