

AUTOMATIC COOKING PLATES

stainless steel

Unique design and premium quality
made in Germany

ROMMELSBACHER

These superior cooking plates with unique 2-shell casing and attractive stainless steel surface cut a fine figure everywhere – whether as additional appliance in the kitchen or as fully-fledged cooking facility in the office or the holiday flat. This line, made in Germany, offers the only genuine automatic cooking plates complying with the standards! The patented thermostat system provides for highest temperature accuracy. The automatic cooking system, large, well-arranged pilot lamps and an overheating protection offer high ease of use and safety. The durable cast iron heating plates are perfectly suitable for all kinds of cooking vessels; the versions with express heating plate (red dot) ensure a very short heating-up time. Whether single or double cooking plate – this line is always the right choice for discerning customers.

Technical data:

- superior 2-shell casing
- stainless steel surface
- durable cast iron heating plates
- automatic temperature regulation, stepless
- patented thermostat system
- with automatic cooking system and overheating protection
