ROMMELSBACHER

Espresso, Cappuccino & Co. as at the Italian restaurant

For the little café at home or in the office. This espresso maker with superior features brews aromatic espresso with fine, compact crema. Thanks to a powerful high-quality pump and a solid thermoblock made of aluminium die-cast, freshly ground beans as well as espresso/coffee pads can be processed to aromatic coffee specialities. Via the detachable stainless steel nozzle tasty, hot milk foam can be made easily and hot water for tea can be obtained. Totally to individual taste, the cup capacity can be programmed for 1 or 2 cups. The solid dual outlet portafilter lies well in the hand, depending on the filter insert 1 or 2 cups can be prepared. The removable 1.5-litre water tank with electronic water-level control is equipped with a water filter ensuring best water quality. The height-adjustable cup tray, the removable drip pan with control display and the well-arranged operating panel with LED pilot lamp provide for convenient handling. Chick, high-class and versatile – perfect for lovers of Italian coffee specialities.
