

HOT BEVERAGE DISPENSERS

with outlet tap and level indicator

Practical, energy-saving and compact

ROMMELSBACHER

The ideal companion for wintry events and festivities – for dispensing hot punch, spiced wine, tea, coffee and more. The temperature of the beverages can be regulated steplessly, pouring out is easy and can be done directly into cups via the superior outlet tap. The robust pot made of double-wall stainless steel is elegantly proportioned and easy to clean; it guarantees best heat insulation and an energy-saving operation. The content is easy to check anytime through the exterior level indicator. Both, the indicator and the drip tray, are detachable to ensure an easy cleaning. High operational safety is guaranteed by the separate on/off switch, an overheating and boil-dry protection as well as the heat-insulated handles. A really attractive and convenient appliance, which is available in two sizes and thus grants a very broad field of applications.

stainless steel casing

metal outlet tap

detachable
drip tray
