

YOGURT MAKER

For tasty, healthy yogurt

ROMMELSBACHER

It is just easy to make the probably most popular "snack for in between" by yourself! Homemade natural yogurt without unknown and unwanted ingredients is a natural and well digestible aliment whose regular consumption promotes health. By means of the Rommelsbacher yogurt maker, you can prepare up to 1200 g natural yogurt, which will stay fresh at least 1 week in the refrigerator. Homemade yogurt allows for many sweet and hearty variations and you can decide individually on the ingredients. Furthermore, a supply of natural yogurt as basis for further use (for cakes, sauces, dessert, etc.), should not be missing in a healthy kitchen. The appliance is simple to operate, easy to clean and the storage is space saving due to the chic square design.
