

# PRESERVING COOKERS

*An assortment meeting all demands*

Tradition 'Made in Germany'

## ROMMELSBACHER

Preserving – everything else than frumpy! With these practical preserving cookers fruits, vegetables, juices and jam can be preserved in a healthy and convenient way. In winter, they are perfect for serving hot mulled wine or punch. The set temperature is maintained reliably by the precision thermostat and at the models with outlet tap beverages can be filled directly into cups conveniently. Also for keeping-warm larger quantities of food, Rommelsbacher preserving cookers are a popular aid at festivities and events.

*Another advantage:* Together with the juice extraction top (type EA 1803) available as accessory, they can also be used as steam juicers.

### Technical data:

- hold 27 litres or 14 jars containing 1 litre each
