

TABLE BLENDER

mix & go

Power drinks on the go

ROMMELSBACHER

A compact, elegant table blender especially designed for preparing smaller portions. It is perfect to turn fresh fruits into healthy smoothies and juices. The premium mix and go bottle captures 0.6 litres. Thanks to the ONE-click cover flap, the bottle can be transported conveniently and safely in every bag. The 2-level rotation speed regulation and the 4-winged stainless steel blade guarantee best results for mixing and puréeing. For short operation-cycles at maximum power, select the useful pulse level. The well-arranged control panel and an integrated safety system permit a very convenient handling and grant safety during operation. After use, the blender is dismantlable for an easy cleaning. This appliance is the perfect kitchen aid for a healthy nutrition!
