

TABLE BLENDER

stainless steel

For cocktails, smoothies, shakes & more

ROMMELSBACHER

850 W power and a stainless steel blade for crushing ice make this unit being a real cocktail pro! Rommelsbacher's exclusive table blender can do more: tasty, healthy smoothies made of fresh fruit, foamy milk shakes, puréed soups and sauces can be prepared conveniently quickly and easily. The superior glass jar has a capacity of 1.8 l, through the opening in the cover ingredients can be filled in, the scaling helps measuring. The well-arranged, illuminated control panel and an integrated safety system against accidental use additionally provide convenient and easy handling and safety during operation. For easy cleaning in between there is an automatic CLEAN function and for thorough cleaning after use, the table blender can be dismantled completely and the detachable parts can be cleaned in the dishwasher. A noble all-rounder for the superior kitchen!

up to 20,000 r.p.m.
