

RACLETTE GRILLS

fun for 4 (and more!)

BBQ at the table - even for larger groups

The elegant raclette & grill series is flexibly combinable at your table and leaves nothing to be desired. Its superior materials and excellent finish make it a real party star. Thanks to its stable aluminum-cast casing, the appliance stands securely and the solid grill plate ensures optimum heat distribution. Its temperature can be adjusted indefinitely variably just as required. Meat and sausages and also fish and vegetables come out perfectly on this grill plate. You can cook au gratin 4 different snacks in your pans at the same time on each appliance or melt your raclette cheese. During pauses you can store used pans safely and place-savingsly in the integrated parking level. The superior non-stick coating of the grill plate and the pans cater for especially convenient handling and ensure swift cleaning. As special feature of this series, you can combine up to three individual appliances via connector cable. Since it can be upgraded to up to 12 pans, great raclette and grilling fun is guaranteed even with larger groups!
