

AUTOMATIC TRAVEL HOT PLATE SET

The perfect set to go

ROMMELSBACHER

Whether holiday or weekend trip – this superior small travel hot plate is a convenient travel companion. The heating unit features a durable cast iron heating plate with infinitely variable temperature regulation, automatic cooking system and overheating protection. The perfect technology for preparing small quantities of food or beverages en route, but also for heating or keeping warm small dishes at home. Together with the light aluminium pot, the hot plate is packed in a handy zip case.
