

SANDWICH MAKERS

ROMMELSBACHER
ElektroHausgeräte GmbH

*For old and young:
Sandwiches hearty and tasty!*

The perfect kitchen aid for whipping a small warm meal in no time, for entertaining guests at short notice or for preparing a small snack in between. The unit heats up rapidly and is very easy to operate. Aluminium die-cast toast plates distribute the heat optimally and guarantee a delicious crunchy surface of the filled toast slices. The heat-insulated handle with locking and the anti-slide feet assure safe handling. The non-stick coating allows for easy cleaning. When everyone has had enough, the appliance can be stored in a space-saving way - upright in the cabinet.

Technical data:
