*Professional warming tray "Made in Germany"*

# ROMMELSBACHER

Here it is – the perfect solution for elaborate buffet arrangements, a cosy brunch or a wonderful banquet. A superior warming tray of noble design, with practical and shapely stainless steel handles and a surface dimensioned 53 x 32.5 cm, providing ample space for accommodating a 1/1 standard size GN food container. The heating system comes incorporated in the high-quality thermally hardened float glass and is very efficient as a result. The ON/OFF switch with pilot lamp and the infinitely variable temperature regulator are both located on the side of the appliance to make sure even several appliances can be lined up in tandem position side by side. Ideal for various applications!
