

WARMING TRAY

Gastro

*Professional stainless steel warming tray
in XXL size*

ROMMELSBACHER

Here it is – the perfect solution for elaborate buffet arrangements, a cosy brunch or a wonderful banquet. A portable warming tray of elegant design, with practical and shapely stainless steel handles and a XXL surface, providing ample space for accommodating 1/1 GN format food containers and their subdivisions. The heating system comes incorporated in the high-quality thermally hardened float glass and provides for a very efficient heat distribution. The temperature is infinitely variable; the on-off switch with an integrated pilot lamp is located on the side of the appliance, to make sure even several appliances can be lined up side by side in tandem position. Ideal for various applications!

Fits food containers in gastro
norm format
