

CITRUS JUICER

Freshly squeezed tastes better

ROMMELSBACHER

Nibbling vitamins five times a day – a piece of cake with Rommelsbacher's citrus juicer! Thanks to the two different press cones, juice can be extracted from oranges, grapefruits and also citrons. Slight pressure is enough; the rest is taken over by the gentle motor. The right/left drive ensures that every drip is used. The pulp concentration can be adjusted separately. By means of the removable juice container, the vitamin rush can be easily filled in a glass. All removable parts are dishwasher-proof.

Rated "good" in a German consumer test.

Technical data:

- type: ZP 40
- 230 V ~ 40 W • white
- low-noise motor
- right/left drive for optimal juice output
- smooth-running on/off-switching via press cone
- removable transparent 1.0 l juice container with scaling
- separate adjustment of the pulp concentration
- integrated cord take-up
- all removable parts are dishwasher-proof
- including:
 - 1 press cone for large fruits
 - 1 press cone for small fruits
 - top cover
- dimensions: 23 x 15.8 x 22 cm
- EAN: 40 01797 855008
