

CITRUS JUICER

A healthy boost of freshness for the whole family

ROMMELSBACHER

Freshly pressed juice for your daily vitamin kick – this works quick and easy with the electric citrus juicer from ROMMELSBACHER. The powerful, quiet motor together with the right/left rotation ensures a particularly high juice yield. The pulp content can be individually adjusted, guaranteeing the perfect juice to suit your personal preference. Operation is extremely simple: a light press on the pressing cone is all it takes to start the pressing process. Thanks to two different sized pressing cones, the citrus juicer is ideal for large and small fruits. The transparent, BPA-free juice container with practical scaling makes it easy to measure and serve, even at the table. Cleaning is easy as all removable parts are dishwasher safe. The compact design and non-slip silicone feet ensure stability in everyday use. A practical top cover rounds off the well-thought-out features. Start every day healthy, fresh and full of flavor with this electric citrus juicer.

Technical data:

- type: ZP 50
- 220-240 V ~ 30 W • stainless steel/black
- quiet motor with economical 30 W
- right/left rotation for optimum juice yield
- smooth switching on/off via press cone
