

SPICE & COFFEE GRINDER

with 2 exchangeable containers
Grinding and chopping...

ROMMELSBACHER

The elegant spice & coffee grinder from Rommelsbacher is perfect for grinding and crushing coffee beans, sugar, spices, herbs, nuts, grains and more. The two different work-containers allow a variable use: In the *grinder cup* freshly ground coffee powder is produced and dried spices like peppercorns, coriander, caraway seeds and even sugar and salt are pulverized in no time. The *universal cup* is perfect for chopping fresh herbs or preparing a small portion of fresh pesto. Both exchangeable containers are made of robust stainless steel and, therefore, are very easy to clean. The grinder is switched on/off by applying pressure on the cover, what makes the handling super easy. An attractive appliance – perfect for the demanding kitchen.

Winner of a
German consumer test

*grinder cup with
2-winged blade*

*universal cup
with 4-winged
special blade*

Technical data:

- **Type: EGK 200**
